OBRAZUJEMO (ZA) BUDUĆNOST

- **Edutainment**: media designed to educate through entertainment.
    - **Biosonification**: converting plant micro-voltages into real-time music via MIDI.

KOPAČKI RIT Park prirode Nature Park

APPLICATION IN KOPAČKI RIT

- Interactive experience with wetland plants.
- Tangible education & school workshops.
- Visitor center attraction & therapeutic relaxation.

- Problem: Biosonification is currently confined to niche art circles.
- Opportunity: Unlocks potential for environmental education.

CONCLUSION

- **Plant biosonification successfully blends science, technology, and art into an impactful edutainment format.**
- Promotes environmental awareness and deepens visitor connection with the Kopački Rit wetland ecosystem.
